

Smile Check

Each month you should give your child a smile check.

Directions:

- 1) Gently pull back your child's upper lip
- 2) Look at the front teeth from the outside and inside
- 3) Look for white or brown spots along the gumline
- 4) Take your child to a dentist if you see white or brown spots

**More
Smiling
Faces**

“More Smiling Faces” is part of a \$6 million dollar national program, State Action for Oral Health Access, funded by The Robert Wood Johnson Foundation and managed by the Health Care Strategies.
